- Analyze and track customs clearance price & cost items
- Be responsible for supplier management linked to the relevant processes
- Systematically measure the performance of supplier companies and provide feedback
- Be accountable for the preparation and management of related contracts
- Prepare the monthly and annual purchasing reports

Qualifications

- University degree in Industrial Engineering.
- 3 – 5 years of relevant experience, preferably in automotive or logistics industry
- If possible knowledgeable in purchasing management,
- Having strong planning and analytical thinking skills,
- Prone to teamwork,
- Having advanced tracking skills and system development competence,
- Successful in human relations,
- High communication skills, strong coordination ability, open to creativity and innovation
- Excellent problem solving skills,
- Good ability to use MS Office applications (Good excel knowledge)

A job can be much more than a career opportunity. It can become a path to realizing your dreams.

At Profil International, we believe - and know - that only candidates who are truly "engaged" in their jobs, love what they do, respect and admire the company they work for will excel at their job and realize their dream careers. Your own personal engagement is the key to your success!

To be engaged and become a top performer, you need to be in a job that is not just a great job, but a great job for you. This means, that not only your background and mental capacity, but also your behavioural style and personal motivations must match those of the job and the top performance benchmark criteria of the company. This is why, if you happen to be a candidate, we will ask you to participate in a series of in-depth interviews and assessments to discover whether this particular position at that particular company is the right one for you. This is not only in the interests of our clients but also in yours.
